

FOCUS Parent Portal Registration

The **FOCUS Parent Portal** is a tool designed to enhance communication and involvement for you in your child's education. This portal will allow you to monitor your child's progress in school by providing timely access to both assignments and grades that are entered by the teacher throughout the grading period. This communication tool will improve your ability to assist your child and to communicate with the teacher if necessary.

In order to create a Parent Portal Account, you will need these three things:

1. Your child's 10-digit ID number - this information is available from your child, from their portal page, or on their report card.
2. The last 4 digits of your child's Social Security Number. The SSN must be on file with the school in order for online registration to be completed.
3. Your child's date of birth.

Once you create your FOCUS Parent account, you will need to contact the school to complete the verification process. If you do not have the information listed above, or your child's SSN and/or date of birth are not in the FOCUS system, you will need to register in person at your child's school.

Once you have created your FOCUS Parent Portal account, you will be able to view your child's grades and attendance information by visiting the [FOCUS login page](#) (also linked under the Parents drop-down menu above).
